Update on results based management for the new business model

Mexico, November 17, 2010

www.citiesalliance.org
Results based management

- **sharpens the CA focus** by building on CA’s comparative advantages,
- further **operationalizes the new business model** and helps to **prioritize activities**,  
- helps to coherently **explain** how CA works and what it achieves.
Cities Alliance’ objectives

1. To strengthen and promote the role of cities in poverty reduction, and in sustainable development;
2. To capture and strengthen the synergies between and among members and partners;
3. To improve the quality of urban development cooperation and lending.
1. Cities and poverty reduction

- Inclusive Cities:
  - ...have an effective and responsive city management
  - ...provide access to affordable services
  - ...provide access to economic opportunities
  - ...provide security of tenure and access to shelter
  - ...are adapted to the environment
  - ...have an empowered citizenry engaged in urban development
  - ...integrate gender and youth

- 1. Cities and poverty reduction
2. Synergies among members and partners

- Local authorities
  - Implement strategies
  - Mobilize financing
  - Enhance knowledge
  - Elaborate strategies
- National Governments
  - Adjust organizations
  - Increase awareness
- Civil Society
- Private sector
- Supporting partners
3. Improve the quality of development cooperation and lending

- country programmes
- catalytic fund
- knowledge and learning
- communication and advocacy
Results

Inclusive Cities

Longer Term Outcome
more effective and responsive city management, better access to affordable services and to economic opportunities, more adapted to the environment, more security of tenure and access to shelter, better empowered citizenry

Short Term Outcome, use of Outputs
partners increase their awareness, enhance their knowledge, engage in meaningful dialogues and cooperation, elaborate policies, strategies and plans, adjust their organizations, mobilize financing, implement inclusive urban policies, strategies and plans.

Outputs
among other: advocacy strategies; analytic work and data; learning opportunities, proposal for organizational and legal reform; convening of dialogues; methodologies for planning; continuous process support
Independent Evaluation 2011

Required by World Bank (DGF) to provide an Independent Opinion on the Effectiveness of the Cities Alliance

What are the trends and conditions of international cooperation in urban development, which shape the context for the CA? What are the initial results of the significant changes in the CA?

-> Comprehensive and consolidated view of the organization with its strength and weaknesses in the global architecture of international cooperation in urban development.

-> What adjustments and refinements are suggested to the Cities Alliance to further increase its effectiveness?
